ProFinish™

JIGSAW

The “DIY” Tile Shower Tray System

Fast, Efficient, Easy!

Advantages

- Create tray and waterproof within hours
- Creates a professional finish every time
- 20 year guarantee when protected from water by an approved waterproofing membrane.
- Removes the need for structural building modifications
- Ideal surface for tiles
- Perfect for flat floor refits
- Guaranteed 1:30 slope to waste
- Easily cut to size if required with a Stanley knife
- Suitable for use with a number of major waterproofing products
- Acoustically superior to sand and cement

NB: ProFinish Jigsaw Tile Shower Tray System must be installed after wall cladding is fixed and must be waterproofed before tiling.

Components

ProFinish Jigsaw Tile Shower Tray System provides flexibility to create a number of different sizes. Please call or email us for further information on component selection, or enquire about our custom premade trays.

Tilebases 1, 12 and 15 are supplied as 2 halves per box. Please quote Part Numbers below, when ordering.

TILEBASE 1

TILEBASE 12

TILEBASE 15

Slope Extensions 1, 12 and 15 are supplied as 1 per box.

SLOPEEXT 1/200

SLOPEEXT 12/200

SLOPEEXT 15/300

Tilebase Hob supplied as 1 per box

TILEBASEHOB60

60 x 60 x 1060mm **hob** block

Drawings not to scale

Material Properties and Testing

- Manufactured of Rigid Polyurethane
- Compressive strength – 229 kg to create 1mm of deflection - 2193 kg to create 2mm of deflection
- Cyclic testing – 36589 cycles (4 showers a day for 25 years) were carried out to simulate the use of the tray as a waterproofing substrate in a shower – ‘no visual failures were observed to the applied waterproof membrane’.
- Elongation to tensile failure > 3mm

Tested & Approved

- Tested and approved with the following waterproofing brands:

WET-SEAL: Wetseal **ARDEX:** WPM001 & WPM300 **MAPEI:** Mapegum WPS & Mapelastic/Mapelastic Smart **JAYDEX:** Elastiik
ASA: Dampfix 2, 3, PU & Waterbase **LATICRETE:** 9253 **PROTECTO WRAP:** AFM/WN **EQUUS:** Chevaline Dext
CONSTRUCTION CHEMICALS: Liquid Flash II **H B FULLER:** WPM101 **FLEXCO:** Flexi-seal 2 Part Liquid Membrane

How to Determine Which Components you Require

Below are 3 examples of tray options when using TILEBASE 1 & SLOPEEXT1/200. For further details on how to select components, call or email us for a Component Request form.

Please note: When using a hob, the hob is included in the overall measurement.
