

# WHEELCHAIR ACCESS SHOWER

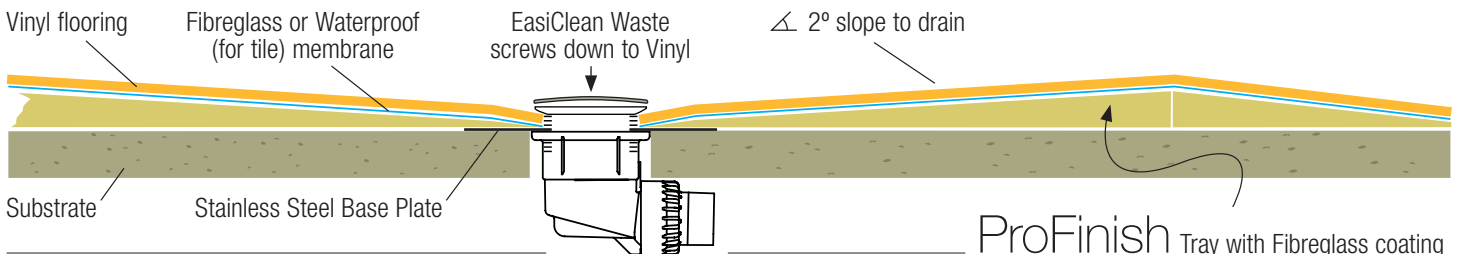

“INSTANT SLOPE” for any floor

## Advantages:

- Removes the need for structural modifications
- Vinyl & Tile waste systems available
- Perfect for flat floor retro-fits
- Creates a professional finish every time
- 20 year guarantee\*
- Guaranteed 1:30 true even slope
- One continuous slope
- Light weight
- Time savings
- Acoustically superior to sand and cement

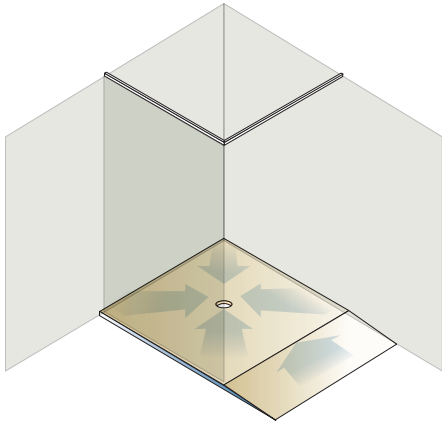

\*when protected from water by an approved waterproofing membrane

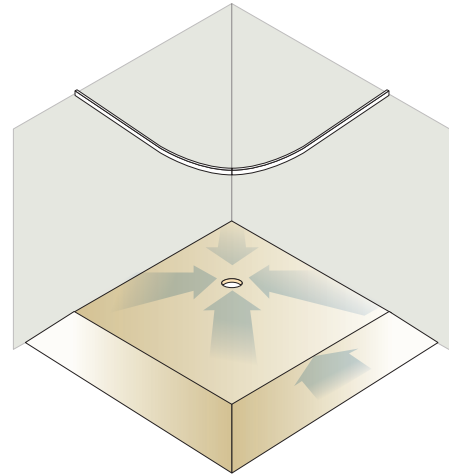

*Drawing not to scale. Vinyl floor system shown, Tile system available.*

## Custom Made to Your Requirements

Tray configurations can be produced to your specific requirements. Shown below are two typical solutions:

1m x 1m Tray + 300mm Ramp & Glass Panel

1.2m x 1.2m Tray + 300mm Ramps & Curtain

**NOTE: Complete bathroom floors, available with ramps at the door**

### Order Process:

1.	Contact your Plumber	Your plumber will advise where the waste and tapware may be positioned to best suit the shower tray dimensions you wish to install. If your plumber (or builder) has questions please ask that they call NEWLINE HELPLINE: <b>0508 NEWLINE</b>
2.	Measure your required size	Contact NEWLINE, who will fax you a "REQUEST FOR QUOTE" sheet. Sketch the tray, with measurements onto the sheet, ensuring you specify the dimension from the walls to the waste. Also specify whether tiles or vinyl will be laid over the tray, then return for quotation.  Call NEWLINE HELPLINE: <b>0508 NEWLINE</b>

### Material Properties and Testing

- Manufactured of High Density Polyurethane
- Compressive strength – 229 kg to create 1mm of deflection - 2193 kg to create 2mm of deflection
- Cyclic testing – 36589 cycles (4 showers a day for 25 years) were carried out to simulate the use of the tray as a waterproofing substrate in a shower – *'no visual failures were observed to the applied waterproof membrane or ProFinish Tray'*.
- Elongation to tensile failure >3mm

### Installation:

- Glues to concrete and timber floors
- Contact supplier for recommended glues
- Tested and approved with the following waterproofing products: Wet-seal, Ardex, Construction Chemicals, Jaydex, ASA, Laticrete, Equus, HB Fuller, Bostic, Ultraseal, Mapei, Flexco and Protecto Wrap.
